

Catering Equipment Service & Maintenance

Our specialist **Catering Equipment** service technicians operate 24/7 to ensure that downtime is reduced to a minimum.

First time fix is essential in the catering industry, therefore our service vehicles are equipped with a comprehensive range of **critical spares**.

In addition to the **legal requirement** for all gas appliances to be tested, planned preventative maintenance can extend the **life expectancy** of your equipment.

As a result, ECG Facilities Services offer a variety of **comprehensive maintenance packages** which can be tailored to your requirements

- Emergency Repairs (24/7)
- Installation
- Planned Servicing
- Manufacturers Warranty
- Free Quotations
